

ADH Canada
Affordable Dream House

Affordable Dream House

Kitchen & Bathroom

Time to remodel your kitchen cabinets, add new features such as granite countertop, built-in wine coolers, illuminated decorative glass doors or you want a new bathroom look like vanities, walk-in glass shower, heated floors, and more? Our dedicated team of professionals has the expertise to make your dream KITCHEN & BATHROOM come true.

Open Concept

Do you want to watch your kids play while in the kitchen and listen to guests while getting the meal ready? An Open Concept kitchen-dining/family offers maximum visibility of the home and natural light. The elimination of the walls makes small spaces look and feel bigger.

There are so many reasons to love OPEN CONCEPT living, ADH Canada team can show you how.

Basement

Are you thinking of a rental or in-law/nanny suit in your BASEMENT? Dreaming of adding a playroom, an entertainment centre, home office/work area, or more in your living space? ADH Canada, a licensed construction company who implements project management in all of its projects, along with its certified trade professionals & design team can make your BASEMENT project come true at an affordable price.

Doors & Windows

New DOORS & WINDOWS will help you reduce your utility bills and outside noise, increase your home value, and upgrade the exterior look of your home. We will help you choose the right product.

Virtual 360

ADH Canada design team generates your home improvement projects on the computer through the state-of-the-art architectural software, VIRTUAL 360. We create all areas of your home from painted walls and floors to cabinets, lights, furniture, and more. Our meticulously designed set, prior to construction, will give you the ability to envision your dream home project.

Interior Design

(Material Selection, Decoration, Lighting, Furniture, Draperies, etc.)

Our team of designers will help you with any of your project ideas of decoration, lighting, furniture, window coverings, etc.
